TEAM CONCEPT

1 :: The cornerstone of the Terrapin baseball program is a strong team concept. At Maryland, individual players come together as one solid group in order to achieve the same goal: success.

COACH TERRY RUPP

2 :: Head Coach Terry Rupp has been at the helm of the Maryland baseball program for the past eight seasons. Each year, his teams have made positive strides due to the hard work and discipline that he instills in his players. Rupp led the Terps to one of the best seasons in school history in 2008, winning 30 games for only the second time ever.

RUPP WITH TEAM USA

In the summer of 2002, Head Coach Terry Rupp served as an assistant coach with Team USA Baseball. Rupp toured with the squad on its summer Red, White and Blue Tour, before helping the Stars & Stripes capture the Honkbal Classic Championship in The Netherlands and the silver medal at the FISU World University Baseball Championship.

ROAD TO THE PROS

3 :: Following the 2008 season, Chad Durakis and Steve Braun joined the growing list of Terps who signed professional baseball contracts after playing under Terry Rupp. Over the past 12 amateur drafts, 26 of Rupp's players have been selected by major league clubs. The duo joins freshly-minted pros like Justin Maxwell (Washington Nationals), Kevin Hart (Chicago Cubs) and Brett Cecil (Toronto Blue Jays), as Terps currently playing pro ball.

Cecil, a powerful, left-handed closer was taken in the compensatory round of the 2007 draft with the 38th overall pick by the Toronto Blue Jays. Cecil shined in his first minor-league stint with Toronto, starting 13 games for Auburn of the New York-Penn League and posting a 1.28 ERA. Cecil quickly rose up the Blue Jays' organization last year. Cecil was dominant in four starts for Single-A Dunedin and quickly made the jump to Double-A New Hampshire, where he went 6-2 with 87 strikeouts and a 2.55 ERA before being called up to Triple-A Syracuse to close the season. Cecil is one of the top pitching prospects in all of professional baseball.

Hart pitched in 21 games for the Chicago Cubs last season, helping the team to the National League Central crown and the best record in the National League. Hart was a late-season call-up the season prior and impressed enough to earn a spot on the team's postseason roster and pitched in one playoff game against the Arizona Diamondbacks.

September 2007 was an exciting time for Maryland baseball as Maxwell and Hart both received late-season call-ups from the Nationals and Cubs, respectively. Maxwell had a memorable moment that most players only dream of, belting a grand slam Sept. 11, 2007 for his first major-league hit. Maxwell hit .269 in 15 games for the Nationals and figures prominently in the franchise's future outfield rotation.

SEASON OUTLOOK

TERPS LOOK TO BUILD ON 2008'S SUCCESS

The 2009 University of Maryland baseball team will blend a unique mix of returning upperclassmen and talented freshmen in an attempt to build off the momentum the Terrapins built in the 2008 season.

The 2008 Terps posted the program's first winning season since 2002, finishing 30-26, only the second 30-win season in team history.

Despite losing four starting position players and several pitchers from last season, an excellent recruiting class, possibly the best in Maryland history, leaves plenty of room for optimism in 2009.

Maryland welcomes 12 talented newcomers this season, 10 freshmen and two transfers.

"This team is an intriguing group of guys," Rupp said. "We have a very talented class of incoming freshmen and some established guys that have been around and played a lot for us. The experience and the youth; we're hoping that will mesh and create a good thing for us this year.

"I think this recruiting class gives us something we haven't had in a long time here and that's depth at every position. In this conference, you have to have depth on your roster to give guys a break during the week to get ready for the weekend."

The Terps proved last season that they could compete with the best teams in the country. Maryland posted victories against No. 3 North Carolina and No. 17 NC State and also took two of three games from No. 21 Georgia Tech. However, the Terps missed the ACC Tournament, finishing with a 9-21 league record.

Maryland was much more competitive than the conference record indicates, though. The Terps lost nine games in conference play by a single run.

Rupp hopes the improved overall talent level on this year's roster will make the difference in some of those close games and help the Terps meet their goal of an ACC Tournament appearance.

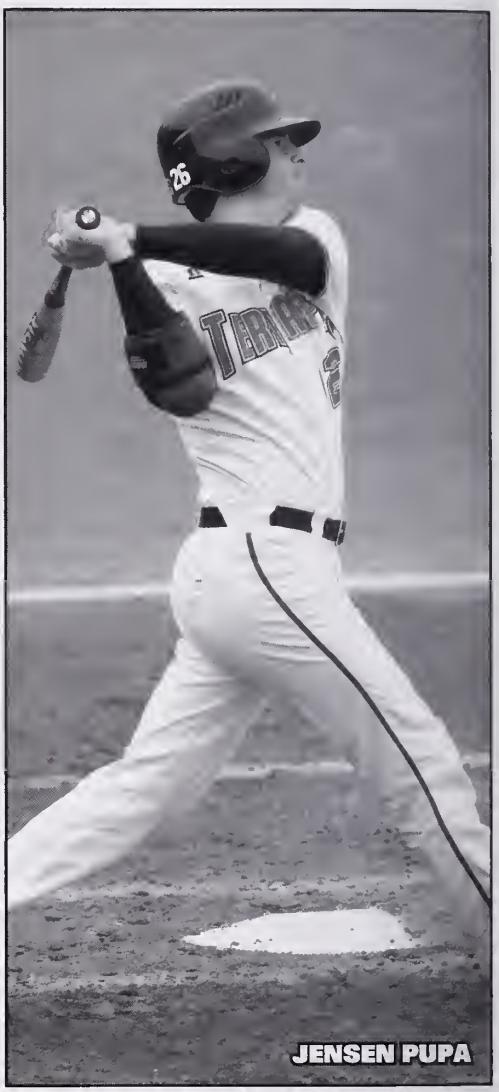
"First and foremost, our immediate team goal is to make sure we get into the ACC Tournament and compete for a conference title," Rupp said. "Beyond that, we want to make it into the NCAA Tournament and compete in the regionals."

Rupp also hopes the team feeds off last year's memorable finish to get off to a good start this season.

Maryland's 30th win in 2008 came in the season finale at Delaware, as pitcher Scott Swinson threw the sixth no-hitter in school history against the Blue Hens.

"Once we were eliminated from making the ACC Tournament, we changed our goals as a unit to make sure we had a 30-win season," Rupp said. "We felt like that would help catapult into this year, with the returning guys ending on that kind of note and giving them some momentum coming into this year."

SCOTT SWINSON



JENSEN PUPA

CATCHER

The Terps have a big hole to fill behind the plate, as they will need to replace four-year starter Chad Durakis. Durakis ranks on several of Maryland's all-time offensive lists and was the lone draft pick of last year's team.

Senior Mike Moss is expected to be the team's primary catcher. Moss gives the Terps a tough-minded presence behind the plate and a strong bat in the bottom of the lineup. Moss has been a part-time starter behind the plate and at first base the last two seasons and owns a career batting average of .284.

Fellow senior Will Greenberg also brings a lot of experience to the catching position and is an option there, though he will also see a lot of time at first base and the outfield.

Freshman Tyler Bennett should also figure into the rotation and appears to be the team's catcher of the future. Bennett hails from Federalsburg, Md., and attended Colonel Richardson High School. Jack Cleary gives the Terps another catcher, but could be a redshirt possibility this season.

INFIELD

The Terps will have to replace the middle of their infield this season, as Steve Braun and Joe Palumbo graduated last year.

Fortunately, there should not be a drop-off at those positions.

Junior college-transfer David Poutier looks to already have a stranglehold on the starting second base job. Poutier originally attended Coastal Carolina as a freshman, but played last season at Pensacola Junior College in Florida.

Poutier has wowed his coaches and teammates with his defensive abilities and with an improved offensive game he should be a pro prospect.

"He's going to be our stabilizing force as far as our defense up the middle," Rupp said of Poutier.

Poutier's back-up at second base is talented freshman Matthew Murakami from Herndon, Va.

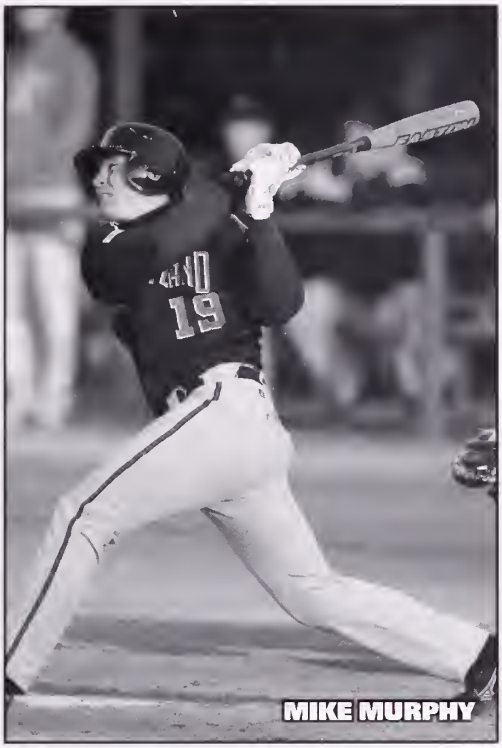
Freshman Alfredo Rodriguez is expected to step right into the starting shortstop role. Rodriguez hails from Oak Hill, Va., and was rated the best shortstop and fifth best overall player in Virginia last season. Rodriguez is known for his great range and excellent throwing arm.

The Terps have a nice situation at first base this season with the young, lefty-righty duo of Curtis Lazar and Zack Helgeson.

Lazar showed a ton of promise as a freshman last season, hitting .394 in 18 games. Helgeson, a true freshman from Roanoke, Va., gives the Terps a super-talented power hitting threat from the right side. Helgeson displayed his prodigious power last year when he beat out several of the top high school hitters in the country by winning the International Power Showcase High School Home Run Derby.

Will Greenberg could also see time at first base.

A.J. CASARIO



MIKE MURPHY

Senior Mike Murphy gives the Terps a consistent presence at the hot corner. Murphy has started every game the last two seasons and exploded at the plate last season with 13 home runs to rank among the ACC leaders.

Freshman Logan Welch of Tampa, Fla., will fill in as the team's utility man and act as the top reserve at shortstop and third base. Welch can also play any outfield position.

Senior Jensen Pupa, the team's leading hitter a season ago, could also play at first base, but is expected to be the team's primary designated hitter.

OUTFIELD

The outfield is the one place on the diamond where the Terps can rely on a wealth of experience, as only Nick Jowers is gone from last year. Back are seniors Gerry Spessard, Dan Benick and Will Greenberg, as well as junior A.J. Casario.

Rupp is looking at a platoon situation in left field with Spessard and highly-touted freshman Taylor Buran.

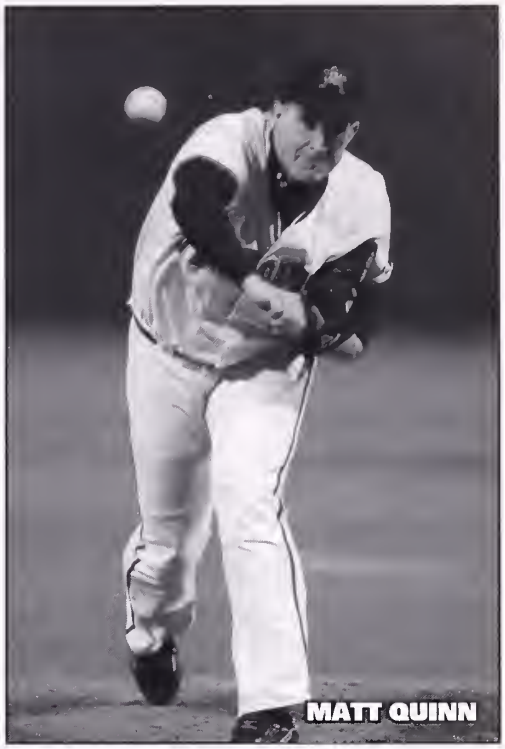
Spessard is a fifth-year player and the school's all-time triples leader. Buran is making an adjustment to playing in the outfield after primarily playing infield in high school. Buran is a potential middle-of-the-order batter with good power.

"We have a good situation in left field," Rupp said. "We have to work on some things with Buran in the outfield, but we need his bat in the order and he's a great athlete, so he should be able to adjust fine."

The center field position is a close competition between Benick and Casario, though both are projected to start, with the other going to right field.

"Those two had a fierce, fierce battle in the fall, so we'll have to see who earns it before the season starts," Rupp said.

Casario has started in right field the last two seasons and is the top pro prospect on the team, as he possesses all five tools, including a fantastic throwing arm tailor-made for right field.



MATT QUINN

Greenberg will also see time in right field, as well as catcher and first base.

With four left-handed bats in the outfield rotation, Rupp has a lot more options with his lineup.

"That's the exciting thing about our outfield. We can mix in righties and lefties, or we can stack it with lefties against right-handed pitching," Rupp said. "We haven't had that in the past."

PITCHING

Other than junior Scott Swinson, the Terps' starting rotation is up in the air.

Swinson, who threw two complete-game victories and a no-hitter last season, is clearly the staff ace, but the other two weekend spots are up in the air. Among the competitors for the two spots are senior Brett Jones and sophomore left-handers Eric Potter and Adam Kolarek. Sophomore right-hander Brett Harman should also compete for one of the spots.

Two of the more intriguing prospects are true freshmen Matt Fullerton, a lefty, and Sander Beck. Fullerton is already a three-pitch pitcher with a strong presence on the mound at 6-feet-4-inches tall. Beck is a tremendous talent, as well, and threw three no-hitters in his high school career.

"That starting rotation will solidify itself in the end," Rupp said. "I think the key is going to be how the sophomore class of Kolarek, Potter and Harman pans out."

It will be an on-going competition for those two spots, with the non-starters most likely making up the long and middle relief of the team.

Junior Dan Gentzler, a surprise walk-on from last season, is the leader for the closer spot after an impressive close to the season last year and an equally-solid fall session.

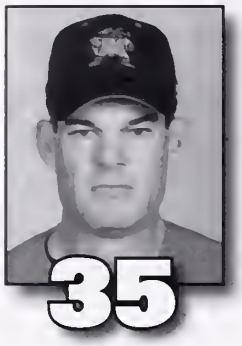
Sophomore Matt Quinn is also an option at the end of games, having split time between closing and setting up last year.

Junior Nathan Steelman is hoping to become the team's left-handed matchup guy.

HEAD COACH TERRY RUPP

NINTH SEASON AT MARYLAND • TAMPA '88

14TH SEASON AS A HEAD COACH



Terry Rupp enters his ninth season as the head coach of the Terrapin baseball team. Since taking over as skipper eight years ago, Rupp has overseen dramatic improvements in many aspects of the baseball program. His philosophy of discipline and hard work has helped steer Terp baseball in the right direction as the program works to establish a new winning tradition.

During his tenure as head coach, Rupp has shown the ability to teach and develop players, readying them for the next level. Four of Rupp's former players have reached the major leagues, including current pros Justin Maxwell (Nationals), Kevin Hart (Cubs) and Mike Rabelo (Marlins), who played for Rupp at Tampa. Former Terp Steve Schmoll saw Major League action with the Los Angeles Dodgers and is now in the Washington Nationals' organization.

The 2008 season was one of the best in program history, as the Terps posted a winning record for the second time in Rupp's tenure and won 30 games for only the second time in school history. Both 30-win seasons have come under Rupp's leadership.

Included among those 30 wins was a win against No. 3 North Carolina, a series victory over No. 21 Georgia Tech and a win against No. 17 NC State. The 30th victory came in memorable fashion, as Scott Swinson threw the sixth no-hitter in school history in the season finale at Delaware.

Maryland started 17-6 in 2007, including a series victory over No. 6 Clemson at Shipley Field. The Terps also won two of three at No. 27 NC State and took one at No. 23 Miami. Additionally, three Maryland players had their name called in the MLB draft, highlighted by relief pitcher Brett Cecil being selected in the first round by the Toronto Blue Jays.

In 2006, the Terps defeated ranked conference foes three times, including taking two out of three from the No. 3 Georgia Tech Yellow Jackets. The Terps were an impressive 18-10 at Shipley Field.

In 2005, the Terps achieved many impressive team and individual feats. Twice in 2005 Rupp and the Terps upset a top-five opponent. On April 2, Maryland beat top-ranked Georgia Tech, 2-1, in Atlanta. A month later the Terps were at it again, upsetting No. 4 Miami, 11-9, on the road. For the second straight season, the Terps earned a victory in the ACC Tournament, beating Virgina Tech on the first day of action.

Several Terps also reached various individual milestones in 2005. Outfielder Will Frazier finished his prolific career as the school's all-time leader in doubles, extra base hits and total bases. Pitcher Chris Clem finished an impressive run under Rupp, becoming Maryland's all-time leader with 298 innings pitched.

In 2004, Rupp guided his Terrapins to several record-breaking performances. His team tied an NCAA record by hitting 13 doubles against UMBC on March 10. Four of Rupp's players (Anthony Buffone, Justin Hulse, Brian Jarosinski and Matt Maropis) moved into the top-10 of categories in Maryland's single-season records book with Buffone breaking the all-time at-bats record. The Terrapins also earned their first ACC tournament victory since 1999.

During the 2003 season, Rupp took a very young group of players and guided them to team and individual success. Despite having five freshmen and sophomores in the starting lineup, the Terps won three consecutive ACC series for the first time since they began playing three-game sets in 1990. The 2003 campaign saw the Terps facing some very tough competition, as they came away with four victories over teams in the top 15.

After adjusting to ACC play in his first season in 2001, Rupp brought home a school record 34 wins in 2002. It marked the first time that a Terrapin baseball team reached the 30-win plateau in a season. In the summer of 2002, Rupp took advantage of a unique experience and represented Maryland as an assistant coach with Team USA Baseball. Rupp helped guide the team on its summer Red, White and Blue Tour, before helping the Stars & Stripes capture the Honkbal Classic Championship in The Netherlands. Rupp and Team USA then went on to earn the silver medal at the FISU World University Baseball Championship in Messina, Italy.

It is clear that Rupp has the Terrapins pointed in the right direction to be a contender in the ultra-competitive ACC. Rupp and his staff continue to attract talented recruits, as they work toward the program's ultimate goals of being a regular participant in the NCAA tournament.

Before accepting the head job at Maryland, Rupp led his alma mater University of Tampa to a 215-80 (.729) record in five years, including four 40-win seasons. Rupp guided the 1998 Spartans to the program's third national championship with an impressive 46-14 record and was named National Coach of the Year. In 2000, his team was ranked No. 2 in the NCAA Division II poll heading into postseason play. His Tampa teams posted a remarkable 15-5 cumulative record against Division I opposition, including wins over Miami, Oral Roberts, Southwestern Louisiana and Army.

Rupp is a 1988 graduate of Tampa, where he earned a bachelor of science degree in marketing. There, he was a two-time All-South Regional selection and played on teams that made a pair of national championship appearances. He was a teammate of New York Yankees first baseman and four-time world champion, Tino Martinez. He also was a two-time all-conference selection in basketball and a two-time conference All-Academic selection. In fall of 2002 he was inducted into the university's Sports Hall of Fame.

Before college, Rupp was a Parade and McDonald's All-American in basketball after helping lead Jesuit High of Tampa to the 1984 Class 3A state championship. In 1989, he was voted into the Jesuit High School Athletic Hall of Fame.

Rupp was a 16th-round draft choice of the San Diego Padres in 1989 and played two seasons in the Padres' minor-league organization. From 1993-1995 he was a minor league coach for the short season Class A Oneonta Yankees of the New York-Penn League.

Rupp married his wife Jill in 1999, and they reside in University Park with their 5-year-old son, Jacob, and 1-year-old son, Shane.

PENN STATE '78

Jim Farr is in his fourth season as pitching coach and recruiting coordinator for the Terps and 24th in coaching, overall.

Farr was promoted to associate head coach following last season after the Terps went 30-26.

In addition to his excellent work with Maryland's pitching staff, Farr has proven to be one of the best recruiters in the area. Farr's Virginia ties have proven invaluable on the recruiting trail, as several of the best players in Virginia have inked with the Terps in recent years. Maryland's current freshman class has been hailed as perhaps the best in school history.

A former major league pitcher, Farr comes to the Terrapins from the College of William & Mary, where he left as the school's all-time winningest coach after transforming the Tribe into a perennial Colonial Athletic Association (CAA) contender. In 13 seasons at William & Mary, Farr compiled a record of 373-310-2, including five consecutive 30-win campaigns from 2000-2004, the program's first conference title in 2001 and a school-record 37 victories in 2004.

In 2009, Farr will have 12 returning letterwinners on his pitching staff. His tenure at William & Mary was highlighted not only by victories but also his invaluable contributions to the program, as well. In 1999, he helped spearhead an effort to build Plumeri Park, a brand new 1,000-seat baseball facility on campus. Over the years, Farr has helped numerous student-athletes reach the next level, sending 31 players to the pros, including seven who have major league experience. Three of the seven are currently playing, including Chris Ray (Baltimore Orioles), Bill Bray (Cincinnati Reds) and Brendan Harris (Minnesota Twins).

Four pitchers that Farr coached have been selected in the first round of the Major League Baseball Draft and in only two years in College Park, Md., five Terps pitchers have been drafted: Ben Pfinsgraff, Seth Overbey, Casey Baron, Brett Cecil and Ryan Moorer.

In addition to his game-to-game duties, Farr directs the University of Maryland's summer and winter prospect camps, which attract over 500 campers, annually.

In 1993, Farr was named CAA Co-Coach of the Year after guiding his club to a 24-19-1 record in his first season at the school.

A graduate of Penn State, Farr was drafted by the Texas Rangers in 1978. He went on to pitch in the Rangers' and San Francisco Giants' organizations for the next eight seasons. An elbow injury would eventually force him to retire, but not before reaching the Major League level, where he served two tours of duty. His best big league season was 1982 when he compiled a 2.50 ERA as a reliever.

Following his career, Farr returned to Penn State where he became an assistant coach for three seasons and earned his Master's degree in 1988. He then spent four years as an assistant at Old Dominion.

Farr and his wife, Susan, have two daughters, Jessica, 24, and Danielle, 22. Jessica is a 2006 graduate of Longwood University and sister Danielle attends the Sentara School of Health Professions in Virginia Beach, Va.

BLAINE BROWN

ASSISTANT COACH
FOURTH SEASON AT MARYLAND
SAINT MARY '02

Blaine Brown begins his fourth season with the University of Maryland baseball program and his second as a full-time assistant following two years as the team's volunteer assistant.

Brown's responsibilities at Maryland include coaching first base, recruiting and overseeing all travel, compliance, scheduling and academic issues. Brown also assists with Maryland's baseball camps.

Brown has been instrumental in improving Maryland defensively as the Terps set a school record with a .975 fielding percentage in 2008.

Prior to coming to College Park, Brown served as the recruiting coordinator at Division II Slippery Rock University. While at Slippery Rock, Brown helped bring in two recruiting classes of more than 16 players, two of which went on to earn all-region honors. Slippery Rock won more than 30 games in both years of Brown's tenure and 10 players garnered all-conference honors.

Brown also managed the New Market Rebels in the Valley League for 2 1/2 years. In 2004, Brown took over the Rebels midway through the season when the previous coach was let go. Brown completed an amazing comeback in half a season, inheriting a 6-20 team and leading them to a 16-4 finish to make the playoffs. In the next two seasons, the Rebels finished 31-22 and 34-13, respectively. The 34 wins set a franchise record, dating back 55 years. Brown earned numerous coach of the year honors in New Market and led the team to its first pennant in 26 years. The Rebels were ranked as highly as 13th for collegiate summer league teams, the first such ranking in team history.

Brown's coaching career began at Drexel University, where he worked with the Dragons' catchers and helped the team improve in statictical categories such as passed balls, stolen bases against and fielding percentage. The Dragons had the fifth-best season in school history during Brown's season.

During the summer of 2003, Brown was in Sao Paulo, Brazil, working with Major League Baseball. Serving as an MLB International Envoy, Brown's responsibilities included player development, working with their national teams and developing strategies to enhance the level of play for the Brazilian Baseball Federation.

Overall, 20 players that Brown has coached have gone on to professional baseball careers.

Brown is currently single and resides in College Park, Md. A native of Richmond, Kan., Brown received his bachelor's degree in accounting from the University of Saint Mary in Leavenworth, Kan., in 2002.

2008 SEASON NOTEBOOK

TERPS WIN 30 GAMES, SWINSON THROWS NO-HITTER

SEASON RUNDOWN

- The 2008 Terrapins posted their first winning record since 2002, finishing with a 30-26 record. It was only the second 30-win season in program history and the second-most in a season ever.
- The Terps finished with a .975 fielding percentage, the second-best mark in the Atlantic Coast Conference and the eighth-best in the entire nation.
- Maryland set a school record with 14 consecutive non-conference victories from March 5-April 23.
- Scott Swinson threw the sixth no-hitter in school history in the season finale at Delaware. Swinson was named ACC Pitcher of the Week and National Pitcher of the Week for his performance.
- Mike Murphy hit 13 home runs to finish in the top 10 in the ACC.
- Gerry Spessard became the school's all-time triples leader.
- Head coach Terry Rupp earned his 400th career victory April 1 against Navy. Rupp won his 200th game at Maryland in the season finale at Delaware.
- The Terps won four games against ranked teams: No. 3 North Carolina, No. 17 NC State and two against No. 21 Georgia Tech.
- Maryland slugged 52 home runs as a team, easily surpassing 2007's total of 34. The Terps hit only 30 and 35 homers the previous two seasons, respectively.
- Chad Durakis finished his career with 214 career hits to finish fifth in school history.
- Chad Durakis set the school record for hit by pitches.
- Chad Durakis was drafted by the Baltimore Orioles in the 37th round.
- Mike Murphy finished 22nd in the country with seven sacrifice flies.
- Five Terps were named to the ACC's All-Academic Team: Chad Durakis, Joe Palumbo, Kevin Biringer, Mike Murphy and Matt Quinn.

THE UNIVERSITY OF MARYLAND

DEEP ROOTS, BROAD IMPACT

Charles Benedict Calvert founded the Maryland Agricultural College in 1856 with the goal of creating a school that would offer outstanding practical knowledge to him and his neighbors and be "an institution superior to any other."

One hundred and fifty years later, the University of Maryland has blossomed from its roots as the state's first agricultural college and one of America's original land grant institutions into a model of the modern research university. It is the state's greatest asset for its economic development and its future, and has made its mark in the nation and the world.

Calvert would be astounded by the depth and breadth of research activities, innovative educational programs, and the single-minded pursuit of excellence that are part of the University of Maryland today. Maryland is ranked 18th among the nation's top public research universities by *U.S. News & World Report*, with **31 academic programs in the Top 10 and 86 in the Top 25.** It is also ranked No. 37th in the world, according to the Institute of Higher Education at at Shanghai's Jiao Tong University.

Maryland is **the state's premier center of research and graduate education and the public institution of choice for undergraduate students of exceptional ability and promise. The faculty includes four Nobel laureates, six Pulitzer Prize winners, a three-time Emmy Award winner, more than 40 members of national academies and scores of Fulbright scholars.** The university focuses great attention on the highest academic standards, affordability for all qualified students, and a President's Promise program that guarantees opportunity for extraordinary extracurricular and professional experiences for each student.

It has earned a national reputation for its enriched educational experiences for undergraduates, including such widely imitated living/learning programs as College Park Scholars; Gemstone, a unique program that brings teams of students together from across disciplines to tackle specific technical problems; and the Hinman CEO Entrepreneurship Program, sponsored jointly by the A. James Clark School of Engineering and the Robert H. Smith School of Business, and widely recognized as the most successful student entrepreneurship program in the nation.

These programs are guided by outstanding faculty whos accomplishments in research abound. Whether the issue i Mideast peace, cutting-edge research in nanoscience, homelan security or bioscience advances, Maryland faculty are selecte for national leadership and are making news. Many recent majc faculty initiatives receiving significant external support strengthe our homeland security endeavors—centers for research o agrosecurity and emergency management; intermodal freigh transportation security; behavioral and social analyses c terrorism and responses to terrorism; astrophysics and advance world climate and weather prediction; and a national Center fc Advanced Study of Language.

In addition to its academic prowess, Maryland is also hom to the Terrapins, whose athletic achievements are a perennia source of pride for nearly 250,000 alumni and residents c the state. In 2005-2006, the Terrapins brought home nationa championships in four sports — men's soccer, field hockey competitive cheer and women's basketball — more than an university in the nation.

Whether aiming for the skies or pioneering journalism programs in China, the University of Maryland is surging ahead Building on the work of outstanding faculty and students, and with the loyal support of alumni and friends, Maryland is moving aggressively and confidently to a decade that will shine brighte than any other in its history.

DR. C.D. MOTE

UNIVERSITY PRESIDENT
CALIFORNIA '59
10TH YEAR

In September 1998, C. D. (Dan) Mote, Jr. began his tenure as President of the University of Maryland and Glenn L. Martin Institute Professor of Engineering. He was recruited to lead the University of Maryland to national eminence under a mandate by the state. Since assuming the presidency, he has encouraged an environment of excellence across the University and given new impetus to the momentum generated by a talented faculty and student body. Under his leadership, academic programs have flourished. In 2005, the University was ranked 18th among public research universities, up from 30th in 1998. President Mote has emphasized broad access to the university's model, enriched undergraduate curriculum programs and launched the Baltimore Incentive Awards Program to recruit and provide full support to high school students of outstanding potential who have overcome extraordinary adversity during their lives.

He has spurred the university to lead the state in the development of its high-tech economy, especially in the information and communication, bioscience and biotechnology, and nano-technology sectors. President Mote has greatly expanded the university's partnerships with corporate and federal laboratories and successfully negotiated to bring to the College Park area the first Science Research Park sponsored by the People's Republic of China. Under his leadership, the University has established a research park, The University of Maryland Enterprise Campus, M-Square, located on a 115-acre site adjacent to the University of Maryland/College Park Metro with 3 million square feet of development potential. Among its first tenants are the Center for Advanced Study of Language, a joint venture of the University and Department of Defense, and the National Oceanic and Atmospheric Administration's new World Weather and Climate Prediction Center.

During President Mote's second year in office, the University began the largest building boom in its history, with more than $100 million in new projects breaking ground that year. New facilities address every aspect of university life, from the arts to recreation to classrooms and laboratories, and, in creative partnership with the private sector, new residential facilities. Highlights of the construction activity include the stunning Clarice Smith Performing Arts Center; the Comcast Center, a state of the art sports complex; a high tech research greenhouse; and new classrooms for chemistry, computer science, business and engineering. President Mote also led the development of a new Facilities Master Plan for development in the next 20 years, which is noted for its emphasis on environmental stewardship.

Dr. Mote is a leader in the national dialogue on higher education and his analyses of shifting funding models have been featured in local and national media. He has testified on major educational issues before Congress, representing the University and higher education associations on the problem of visa barriers for international students and scholars and on deemed export control issues. He has been asked to serve on a high level National Academies Committee appointed at the request of the Senate Energy Subcommittee of the Senate Energy and Natural Resources Committee to identify challenges to United States leadership in key areas of science and technology and to be a member of the Leadership Council of the National Innovation Initiative, an activity of the Council on Competitiveness. He has served as vice chair of the Department of Defense Basic Research Committee, and is a member of the Council of the National Academy of Engineering. In 2004-2005, he served as President of the Atlantic Coast Conference. In its last ranking in 2002, "Washington Business Forward" magazine counted him among the top 20 most influential leaders in the region.

Prior to assuming the Presidency at Maryland, Dr. Mote served on the University of California, Berkeley faculty for 31 years. From 1991 to 1998, he was Vice Chancellor at Berkeley, held an endowed chair in Mechanical Systems and was President of the UC Berkeley Foundation. He led a comprehensive capital campaign for Berkeley that raised $1.4 B. He earlier served as chair of Berkeley's Department of Mechanical Engineering and led the department to its number one ranking in the National Research Council review of graduate program effectiveness.

Dr. Mote's research lies in dynamic systems and biomechanics. Internationally recognized for his research on the dynamics of gyroscopic systems and the biomechanics of snow skiing, he has produced more than 300 publications, holds patents in the U.S., Norway, Finland and Sweden, and has mentored 56 Ph.D. students. He received a B.S., M.S. and Ph.D. in mechanical engineering from the University of California, Berkeley. President Mote has received numerous awards and honors, including the Humboldt Prize awarded by the Federal Republic of Germany. He is a recipient of the Berkeley Citation, an award from the University of California-Berkeley similar to the honorary doctorate, and was named Distinguished Engineering Alumnus. He has received two honorary doctorates. He is a member of the U.S. National Academy of Engineering and serves on its Council, and is a member of the American Academy of Arts and Sciences. He was elected to Honorary Membership in the ASME International, its most distinguished recognition, and is a Fellow of the International Academy of Wood Science, the Acoustical Society of America, and the American Association for the Advancement of Science. In Spring 2005, he was named recipient of the 2005 J. P. Den Hartog award by the ASME International Technical Committee on Vibration and Sound to honor his lifelong contribution to the teaching and/or practice of vibration engineering. In Fall 2005, he received the 2005 Founders Award from the National Academy of Engineering in recognition of his comprehensive body of work on the dynamics of moving flexible structures and for leadership in academia.

He and his wife of over 40 years, Patricia Mote, have two married children, Melissa and Adam, and four grandchildren. Patsy Mote has continued her strong support of the arts and is spokesperson for the Clarice Smith Performing Arts Center and a member of Prince George's County Arts Commission.

DEBORAH A. YOW

DIRECTOR OF ATHLETICS • 15TH YEAR AT MARYLAND

Deborah A. Yow is in the 15th year of her outstanding tenure as director of athletics at the University of Maryland, a tenure that has seen unprecedented success and achievement in Maryland athletics. In Yow's 14-plus years at Maryland, the Terrapins have won a remarkable 18 national championships and graduated student-athletes at an enviable rate as Maryland athletics has soared to sustained new heights among the nation's elite intercollegiate athletic programs.

The comprehensive success of Terrapin athletics under Debbie Yow's leadership is a clear and compelling testimony of her values of ***excellence, teamwork and accountability.***

Likewise, her prior election to the presidency of the National Association of Collegiate Directors of Athletics is an indication of the wide respect with which she is regarded among its 6,100 members representing 1,600 colleges and universities in the U.S. and Canada. She serves as the current President of the national Division I-A Athletic Directors Association and is a member of the Board of Directors of the National Football Foundation, as well as the Board of Directors of USA Football and the NCAA Division I Men's Basketball Academic Enhancement Committee.

She has been honored by *Street and Smith's Sports Business Journal* as one of the 20 most influential people in intercollegiate athletics, was cited in *The Chronicle of Higher Education* in October 2007 as one of the "Ten Most Powerful People in College Athletics/The Builder" and she has received the Carl Maddox Sport Management Award presented by the United States Sports Academy for excellence in athletics administration.

Dr. Yow was selected to serve on the U.S. Department of Education's Commission on Opportunities in Athletics to review the status of Federal Title IX regulations. She served as the chair of the Atlantic Coast Conference Committee on Television. The committee is charged with overseeing the league's TV contracts and dealing with issues related to television, including multi-year ACC football and basketball contracts with ABC, ESPN, ESPN2 and syndication entities.

Additionally, she has represented intercollegiate athletics with presentations in a number of prominent settings such as the Harvard University School of Law conference on "Shaping the Future of Collegiate Athletics" and the *Street and Smith's Sports Business Journal* "National Forum on the Direction of Intercollegiate Athletics" in New York.

Yow, who has served on the NCAA Management Council and the NCAA Division I Budget Committee, is a strong and steady voice on behalf of intercollegiate athletics in America.

Since taking over as AD at Maryland in 1994, she and her staff have:

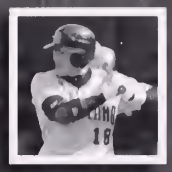
- Transformed Terrapin athletics into a responsive, goal-oriented organization with 27 sports and more than 700 student-athletes.
- Balanced all 14 of the department's annual budgets (none of the budgets were balanced in the 10 years prior to her arrival). The budget now approaches $60 million annually and the $51 million debt which her administration inherited has been reduced to $7.6 million.
- Greatly enhanced the academic support services provided for student-athletes, with an enviable exhausted eligibility graduation rate of approximately 85 percent for student-athletes at Maryland. Academic outcomes and student-athlete welfare have received consistent and focused attention.
- Led the Terrapins to a national all-sports ranking in the upper 7 percent of all NCAA Division I institutions.
- Significantly expanded marketing and fund-raising efforts on behalf of Terrapin athletics. As a result, private gifts to athletics have increased over 350 percent and corporate sponsorship revenues have increased by over 300 percent during her tenure at Maryland.
- Continued to dramatically improve venues and facilities for the department's 27 teams. The 18,000-seat Comcast Center for men's and women's basketball and other sports that use the facility is a prime example of the remarkable $250 million upgrade of athletic facilities.
- Implemented a strategic management model.
- Developed a comprehensive Internet strategy with management, marketing and fund-raising applications.
- Significantly improved customer care in every area of Maryland athletics.

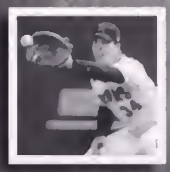
The most recent achievements of Maryland athletics are exceptional:

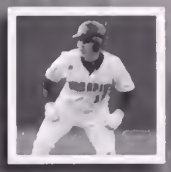
- Maryland captured a remarkable seven national championships during the past three seasons.
- In the recent academic year, the Terrapins achieved the highest student-athlete graduation rate in the history of Maryland athletics and had the highest graduation rate of any public institution in the Atlantic Coast Conference.
- Fundraising for Maryland athletics set a historic mark of $24.7 million in 2006-07.
- Maryland was selected by *U.S. News & World Report* and *Sports Illustrated* as one of the Top 20 athletic programs in the nation (for overall quality and competitive excellence).

Street & Smith's Sports Business Journal Named Deborah A. Yow One Of The 20 Most Influential People In College Athletics.

Yow with several Terrapin student-athletes at the annual Welcome Back Picnic.







- In 2005-06, Maryland Athletics won the inaugural PRISM Award as the best-managed Division I collegiate athletics program in the nation.
- Maryland was ranked as the sixth-finest athletic program in the nation by the Center for the Study of Intercollegiate Athletics, based on comprehensive criteria such as graduation rates, financial efficiency, equity effectiveness and competitive excellence.
- In men's basketball, the Terps won the Atlantic Coast Conference title over Duke in the championship game in 2004 and won the NCAA National Championship in 2002. Under Coach Gary Williams, the men's basketball team appeared in 11 consecutive NCAA Tournaments and in 12 of the last 15 tournaments.
- Women's basketball won the 2006 NCAA National Championship under head coach Brenda Frese, completing an amazing turnaround that saw the program go from a 10-18 record to a National Championship in four seasons.
- In football, the Terps won the 2001 Atlantic Coast Conference championship and played in the 2002 Orange Bowl, followed that with an 11-win season and a 30-3 victory over the University of Tennessee in the Peach Bowl, again followed by a 10-win season and a 41-7 win over West Virginia in the Gator Bowl on New Year's Day 2004. In the 2006 season, Maryland returned to the bowl scene, where the Terps defeated Purdue, 24-7, in the Champs Sports Bowl, and in 2007 was selected to play Oregon State in the Emerald Bowl in San Francisco. Graduation rates in football are exemplary and the program was recently recognized by the American Football Coaches Association for its academic excellence under Coach Ralph Friedgen.
- Additionally, Maryland is one of only three universities in the nation to win National Championships in men's basketball, women's basketball and football. Stanford and UCLA are the other NCAA Division I institutions to achieve that mark.
- Set an ACC single-game record for women's basketball attendance by drawing 17,950 to a regular-season game at Comcast Center and led the ACC in season attendance.
- Hired Dave Cottle, the sixth-winningest active men's lacrosse coach in the U.S., who guided his team to the NCAA Final Four in three of his first four seasons.
- Field hockey earned National Championships in 2005, 2006 and in 2008, and has become a perennial participant in the Final Four in that sport.
- In women's lacrosse, hired Cathy Reese, who was named the 2007 ACC Coach of the Year in her first season as coach of the Terps.
- Men's soccer has appeared in five College Cups in the past seven years and won the 2005 and 2008 NCAA National Championship.
- Football facilities have been significantly enhanced with team house, stadium and practice field upgrades. The Football Academic Center was the first improvement, as it took priority over all other initiatives.
- In 2006-07, 16 Maryland teams competed in postseason play.
- The productivity, morale, and the competitive and academic achievement of Terrapin athletics are exceptional and continue to gain momentum.

Regarding the many achievements of Terrapin athletics over the past 14 years, Yow says, ***"We are pleased, but we are not satisfied ... our vision is to be one of the Top 5 programs in the nation consistently ... we see no reason to settle for less."***

Yow is known for her goal-oriented and proactive management style. She consistently inspires and challenges those around her to "***raise our sights and sharpen our tools ... to work hard and work smart ... to recognize that our only limitations are those that we place upon ourselves."***

As a manager and a leader, she clearly models these principles. She is the only known current AD in NCAA Division I who has hired both the National Coach of the Year in football (while at Maryland) and the National Coach of the Year in men's basketball (while at Saint Louis University). In 2002, she also brought to the University of Maryland Brenda Frese, who at that time was the National Coach of the Year in women's basketball. Four years later, Frese led the Terrapins to the NCAA National Championship at the Women's Final Four in Boston.

Dr. Yow is known as "a coach's A.D.," while also being highly organized and a strategic and proactive leader and administrator. Quite simply, Debbie Yow personifies the relational and management dynamics that are necessary to be an excellent administrator and leader.

A successful former basketball coach, she moved into athletics administration at the University of Florida and the University of North Carolina, Greensboro, followed by a successful tenure as A.D. at Saint Louis University.

She has authored numerous articles and books on athletics management and human behavior, and is a respected leader in intercollegiate athletics in the United States. She holds a bachelor's degree from Elon University, a masters degree from Liberty University and a doctorate *(honorus causa)* from the U.S. Sports Academy and an honorary doctorate for career achievement from Elon University.

Summing up the entire Maryland athletics program, our athletics director recently stated, "We have the finest student-athletes, coaches, support staff and administrative team in America. It is because of their courage, hard work and cooperative spirit that we now have a strong, viable athletic program. I am immensely proud of each of them. I am equally proud of our Terrapin fans who buy tickets, our Terrapin Club members who faithfully support the Maryland athletic program with their donations for scholarships, and the M Club members who serve and give liberally. We are also blessed with a terrific President, Dr. Dan Mote, who has fostered a mindset of excellence across our institution. He is a strong and balanced advocate for what he calls 'the three A's of the University -- Academics, the Arts and Athletics'. We have a great Terrapin family. That's the foundation for all of our success ... and the basis for our bright future. It's a great time to be a Terp."

BASEBALL SUPERVISOR

DAN TRUMP

ASSOCIATE ATHLETICS DIRECTOR/COMPLIANCE

Dan Trump joined the Maryland athletics staff on March 1, 2006 as the associate athletics director for compliance. In that role, Trump is the senior-level manager in NCAA compliance and certification matters related to recruiting, eligibility, financial aid and rules education. Trump was named the supervisor for baseball in June of 2007.

He came to Maryland from the Patriot League, where he served for two years, finishing as associate executive director. Prior to that, Trump was the associate director of athletics for compliance at Oregon State University for more than two years and was the baseball sport supervisor for the Beavers.

Originally from Los Angeles, Trump is a 1992 graduate of the University of California- Berkeley, where he earned his bachelor of arts in sociology. During his playing career, Trump was a catcher and four-year letterwinner. He played in the College World Series twice and served as team captain during his senior season.

In 1992, Trump joined the staff at Loyola Marymount University as the athletic ticket manager and facilities director. In his second year at LMU, he added responsibilities as assistant baseball coach for the Lions.

He left Loyola Marymount in 1994 to pursue his master's degree at Central Michigan University, where he also volunteered as the coordinator for the Michigan Special Olympics, with responsibility of recruiting, scheduling and housing more than 400 volunteers. After an internship at California, Trump returned to Loyola Marymount as the athletic promotions coordinator/ticket manager. He was promoted to assistant athletics director/compliance coordinator in 1997 and served in that role for more than two years before accepting his position at Oregon State.

Trump and his wife, Marcene, have three boys, Davis, Spencer and Cooper. The family resides in Marriottsville, Md.

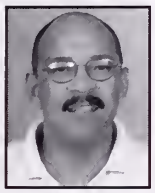
ACADEMIC SUPPORT AND CAREER DEVELOPMENT

The University of Maryland is committed to providing the highest quality education to all of its students. The Department of Intercollegiate Athletics strives to provide student-athletes excellent opportunities to participate in an intercollegiate athletics program of the highest quality, with the result that their athletics participation becomes an integral and valued component of their total educational experience at the university.

Terrapin student-athletes will find that the same hard work and discipline that has earned them success in athletics competition is also required in the classroom. Balancing the significant time demands and responsibilities required to be a successful student-athlete at the highest collegiate level is no small task. Therefore, as a result of their commitment to representing the university through athletics, Terrapin student-athletes are able to utilize support programs designed to meet their specific needs.



Led by associate athletics director Anton Goff, the mission of the Academic Support and Career Development Unit (ASCDU) is to provide quality developmental programs and need-based services that will enhance academic progress, facilitate career development, and encourage the psychosocial growth of all UM student-athletes. **Don Pearman** works with the Maryland baseball team.

The Gossett Academic Support and Career Development Center for Terrapin student-athletes, named for long-time Terp supporters Barry and Mary Gossett, is located in the Comcast Center. It features a study center that includes 25 desktop computers, a tutoring center, a classroom, a CHAMPS/Life Skills resource room and individual offices for professional academic counselors, a director of enrichment programs, an assistant program coordinator and a graduate assistant. In addition, a new academic wing was added to the Gossett football team house recently. It features offices for two counselors, a program coordinator and three learning specialists; as well as a quiet study area, 29-desk computer lab, classroom, tutor rooms and classroom/lab for the individualized learning program.

Academic courses, programs and services offered by ASCDU include the following:

- Student-athlete orientation
- Academic counseling
- NCAA academic eligibility monitoring
- Academic enrichment and career development presentations and workshops
- Accredited tutorial support
- Individualized learning program
- EDCP 108-K (College learning strategies and skills)
- EDCP 108-M (Math learning strategies and skills)
- UNIV 100 (First-year transitions to the university)

MARYLAND GAMEPLAN

The Maryland Gameplan is intended to assist graduating Terrapin student-athletes as they begin the job search process. It is distributed to more than 500 corporations and businesses across the country, in addition to being featured on the M Club website. Prospective employers are introduced to our graduating student-athletes with resume information relative to academic, career and personal achievements. The Maryland Gameplan directory is produced annually in collaboration with the M Club.

CAREER NETWORKING NIGHT

Because career development is an ongoing process, ASCDU provides a variety of programs for student-athletes throughout the year. Professional assistance with resume- writing, interviewing skills, graduate school search and job search is readily available to all student-athletes. During the spring semester ASCDU hosts the Career Networking Night, where student-athletes can learn about career interests and career planning. Unlike typical "job fairs," the purpose of this program is to allow student-athletes to explore multiple career opportunities by speaking directly to individuals in their chosen areas of interest. Employers at the Career Networking Night recognize the marketable qualities student-athletes have gained through athletic participation. Student-athletes learn about opportunities for internships and full-time jobs.

STUDENT-ATHLETE ADVISORY COMMITTEE

The Student-Athlete Advisory Committee (S.A.A.C.) plays an important role in the Department of Intercollegiate Athletics. It consists of two representatives from each varsity sport and meets on a regular basis with representatives from the athletic administration. The S.A.A.C. mission is to enhance the total student-athlete experience by developing leadership skills, promoting student-athlete welfare and fostering a positive student-athlete image on the Maryland campus, local area and nationally.

CHAMPS/LIFE SKILLS PROGRAMS

ASCDU houses the NCAA's (National Collegiate Athletic Association) CHAMPS/Life Skills Program. The ASCDU staff, in collaboration with various other Department of Intercollegiate Athletics' units and campus resources, strives to provide a systematic personal development program designed to reach each student-athlete based on his or her individual needs. The focus of the program is on the individual academically, athletically and emotionally, and on the changing needs and skills of that individual in the years during college and after graduation. The menu of presentations, workshops and seminars is a comprehensive and balanced system of "life learning" programs promoted for use by each varsity sport team.

NCAA CHAMPS/Life Skills PROGRAM

Highlights of the CHAMPS/Life Skills Programs:

- Support efforts of every student-athlete toward intellectual development and graduation
- Use athletics as preparation for success in life
- Meet the changing needs of student-athletes
- Promote respect for diversity among student-athletes
- Enhance interpersonal relationships in the lives of student-athletes
- Assist student-athletes in building positive self-esteem
- Enable student-athletes to make meaningful contributions to their communities
- Promote ownership by the student-athletes of their academic, athletic, personal and social responsibilities
- Enhance partnerships between the NCAA, member institutions and their communities for the purpose of education
- Encourage the development of leadership skills

CHAMPS/LIFE SKILLS PROGRAMS COMMITMENT STATEMENTS

Commitment to Academic Excellence

To support the academic progress of the student-athlete toward intellectual development and graduation.

Commitment to Athletic Excellence

To build philosophical foundations for the development of athletic programs that are broad-based, equitable and dedicated to the well-being of the student-athlete.

Commitment to Personal Development

To support the development of a well-balanced lifestyle for student-athletes, encouraging emotional well-being, personal growth and decision-making skills.

Commitment to Career Development

To encourage the student-athlete to develop and pursue career and life goals.

Commitment to Service

To engage student-athletes in service to his/her campus and surrounding communities.

ACADEMIC SUPPORT FOR RETURNING ATHLETES PROGRAM

The Academic Support for Returning Athletes Program was created in 1986 to support the academic efforts of former varsity student-athletes at the University of Maryland, College Park. In 1989, ASRAP was assigned by the President's Office to the Academic Achievements Program and enrolled 40 students that year. As a member of the National Consortium for Academics and Sports (NCAS), the University of Maryland is committed to assisting its former athletes with degree completion. A key component of the program is community outreach. Each returning student completes a "workship" that allows the cost of tuition and fees to be exchanged for community services with youth. In 2002, ASRAP moved into the ASCDU.

MEDIA INFORMATION

MEDIA GUIDELINES

Credentials: Media and photographer credentials for events at Maryland's Shipley Field may be obtained by working press, radio and television by writing or calling Joey Flyntz in the Maryland Athletic Media Relations Office, 2732 Comcast Center, College Park, MD 20741-0295. All requests should be submitted at least 48 hours prior to the event by phoning the Media Relations Office at (301) 314-8093. Since space is limited, accommodations are on a priority basis: daily newspapers and wire services, originating radio and television stations, national weekly or monthly publications, electronic media outlets, local and regional television crews. Priority is granted to members of the media who cover Maryland athletics on a regular basis, and to visiting media members. Photo passes will be issued only to accredited photographers on assignment.

Services: The Media Relations Office will provide complete statistics at the conclusion of every home game. Programs containing rosters and event notes on each team will be provided for the working media.

Fax Machine: The Media Relations Office has one facsimile machine, located in Room 2732 of Comcast Center, which is available upon request. The fax number is (301) 314-9094.

Terps on the Web: For up-to-date game stories, statistics, schedules and results, and other Maryland athletic department information, please locate www.umterps.com on the Internet.
